It is not enough, however, to think of
different species merely as potential
"resources" to be exploited, while
overlooking the fact that they have
value in themselves. Each year sees
the disappearance of thousands of
plant and animal species which we
will never know, which our children

will never see, because they have been lost for ever. The great majority become extinct for reasons related to human activity. Because of us, thousands of species will no longer give glory to God by their very existence, nor convey their message to us. We have no such right. (#33)

Inner peace is closely related to care for ecology and for the common good, because lived out authentically, it is reflected in a balanced lifestyle together with a capacity for wonder which takes us to a deeper understanding of life. (#225)

COELIAC-SPRUE DISEASE—Reception of Low-Gluten Hosts

Coeliac-Sprue Disease affects an increasing number of the Irish population. Those suffering from Coeliac-Sprue Disease cannot ingest any gluten, a protein found in wheat which results in a harmful intestinal reaction. Coeliacs have to maintain a strict gluten-free diet. Considering the seriousness of this disease, low-gluten hosts (.001% or 37 micrograms) manufactured in accordance with the *Code of Canon Law* (canon 924, §2), and approved by the Congregation for the Doctrine of the Faith (24 July 2003) are available in the Parish for those with a Coeliac condition.

Please note: there is no such thing as a "gluten-free" host since the Church requires that hosts used at Mass must contain some wheat in order to constitute true bread. However the low-gluten hosts we are using have been recommended by the Catholic Coeliac Society. (www.catholiccoeliacs.org.)

New Parish Procedure: Please call to the sacristy 10-15 minutes before Mass begins to inform the Sacristan you require a low-gluten host to be consecrated for Holy Communion. They will place the low-gluten host in a special container which they will place on the altar for consecration by the priest. The only low-gluten hosts consecrated will be those requested before Mass. Once Mass begins the Sacristan cannot add low-gluten hosts to those already prepared before Mass.

Reception of Low-Gluten Host During Holy Communion: As the general distribution of Holy Communion draws to a close, please come forward to the ambo-side of the Sanctuary ONLY. The Priest-celebrant of the Mass will wash his fingers before distributing the low-gluten hosts in order to avoid cross-contamination with wheat. As you receive Holy Communion, please return to your seats.

We extend a warm welcome to the following children who were baptised recently:

Kevin Olszynski, Killegland Hall
Sadhbh Griffith, Co. Dublin
Calvin Kelly, Killegland Rise
Eavanne Loughran, Johnswood Drive
Hannah Whitford, Sycamore Drive
Calvin Waters, Johnswood Park
Freya Ward O'Brien, Castle Crescent

We wish God's blessing on the newly baptised and on their families.
